FIRST ARREST MADE IN WARD MURDER CASE

James J. Cunningham of New York Held in Westchester Jail as a Material Witness

MYSTERY UNSOLVED

What Was Blackmail Threat and Where Was Peters Slain, the Two Main Questions

White Plains, June 1.—James J. Cunningham of New York tonight was arrested and is being held in the county jail here as a material witness in the case of Walter S. Ward, wealthy baker's son, whose confessed slaying of Clarence Peters, former sailor of Haverhill, Mass., has been a two weeks' sensation.

Cunningham, who has not before figured in the case, was arrested at Hotel McLean in New York city and immediately brought here. This is the first arrest in the case, which has attracted nationwide attention since Peters' body was found at a lonely spot near the Kensico reservoir on May 16.

District Attorney Weeks issued the following statement concerning the arrest:

"Cunningham is held as a material witness. He was dug up by the New York American as the result of an anonymous letter. He had been trailed for three days.

"He had told the American a story and when confronted by the sheriff and myself he told another story. He said that the man said to have been wounded by Ward was brought down to his mother's home in the Bronx in a touring car and was later driven away."

Mention of the wounded man is in reference to one of the many tales investigated by local officials to the effect that Peters was not the only victim of the gun battle which Ward claims to have engaged in with three supposed blackmailers at the time Peters was killed.

Two Main Questions.

Two questions have been constantly asked. What was the threat which caused Ward to keep a woodland tryst at night with a hand of blackmailers, who he claims forced him to fire in self-defense?

Was Peters actually slain near the reservoir, as Ward contends, and if not where?

Since Ward surrendered with his bona fide explanation, investigators, both public and private, have held and discarded numerous theories and tonight were still seeking an answer to the two main questions in White Plains, New Rochelle, New York, Boston, Haverhill, Philadelphia, Paris Island, Savannah, Pittsburgh and Los Angeles.

In Los Angeles was located Miss Martha Kendall, a modiste, who charged that the baker had broken into her apartment and attempted to kidnap her and that a suit which she had brought alleging criminal conspiracy had been settled out of court.

Guy A. Phillips of Reading, a war veteran, who is studying at a Philadelphia wireless school, introduced a new theory regarding the scene of the slaying. He suggested that, instead of being slain near the Kensico reservoir, as Ward states, or in the Ward home, as one newspaper reported, Peters might have been killed near Philadelphia and his body transferred to Westchester county.

He said he had seen Peters in Philadelphia as late as 8:30 a. m. on May 26. White Plains authorities, who said the body had been discovered at 7:15 a. m. that day, indicated they took little stock in Phillips' story, as he either must have been mistaken in his man or got his dates mixed.

Trooper Begins Investigation.

The star detective of the state troopers, Inspector Lieutenant A. B. Moore, who has cleared up several murders single-handed, today began an independent investigation to try to solve the mystery. Lieutenant Eugene Roberts declared that 50 troopers would be turned on the case whenever Inspector Moore needed them.

District Attorney Weeks said he was carefully investigating the story of Cunningham, who is being held in the county jail here as a material witness in the case of Walter S. Ward, wealthy baker's son, whose confessed slaying of Clarence Peters, former sailor of Haverhill, Mass., has been a two weeks' sensation.

MORVICH NOT FOR SALE AT ANY PRICE

Nevertheless, Bid Has Been Made For Famous Colt by a Wealthy Turfman

New York, June 1.—Morvich, Benjamin Block's champion three-year-old, is not for sale at any price, according to his owner, but, nevertheless, a bid for the purchase of the famous colt may be made by Thomas Fortune Ryan, wealthy turfman.

Mr. Block set a price of \$1,000,000 on Morvich when Mr. Ryan's son, Clendenin Ryan, pressed him to name a figure, but the owner of the Kentucky Derby winner quickly added "he wasn't in earnest," and that the colt couldn't be had for any sum.

Mr. Ryan, however, is said to have indicated a desire for a definite proposition and refused to take Mr. Block's answer as final. It was regarded as possible that the discussion might be reopened after a conference with his father.

Mr. Block, on the other hand, professed to treat the proposition lightly. "I told Mr. Ryan the colt was not for sale," he added, "and also, that there would be no chance of opening negotiations. I said \$1,000,000. Of course I was joking and Mr. Ryan knew it. I still believe Morvich is the greatest colt in the country, and there is no telling what amount of money in purses and stakes he will win if he remains sound."

Morvich, he revealed, has been entered in the \$50,000 special race to be run at Latonia the latter part of this month.

The highest price ever paid for a race horse was \$265,000, for Tracery.

FIVE-HOUR FIGHT ON TARIFF PROVISION

Senate Approves Duty on Crude Dye Products and Turns Attention to Bricks

Washington, June 1.—After a five-hour fight, the senate tonight approved committee amendments to the tariff bill proposing a duty of 50 per cent ad valorem and seven cents a pound on crude coal dye products.

The vote was 77 to 29, three Republicans, Keyes, LaFollette and Norris, opposing the amendment, and one Democrat, Kendrick, supporting it.

The controversy over the 60 per cent and seven-cents a pound duties proposed on coal dye intermediates and modified dye embargo provisions of the bill went over, the senate after this one vote turning its attention to the brick subject.

The committee withdrew its original proposition for a duty of 25 per cent ad valorem on building bricks, which came under fire last week, and offered as a substitute a report placed on the free list but with a provision that such brick coming from a country imposing a duty on the American products should pay the same rate of duty as that imposed on brick from the United States.

Senator McCumber, Republican of North Dakota, in charge of the bill, said Canada was the only country imposing a duty on American building bricks.

MARTIAL LAW REPORTED IN SILESIAN PROVINCES

Berlin, June 1.—A dispatch from Beuthen, Upper Silesia, says the inter-tribal commission has declared martial law throughout the urban and rural districts of Kattowitz, Gleiwitz, Hindenburg and Rybnik, Silesia. The newspapers in Silesia are being censored. There was a report of a Berlin Tuesday of rioting by Germans and Poles in Beuthen and Kattowitz in which a German was killed. The report gave no details.

The Wrong "Charley Ross."

New York, June 1.—The "Charley Ross" for whom Westchester county authorities have been seeking since the slaying of Walter S. Ward first gave a man of that name as one of the alleged blackmail gang whose persecutions, he said, ended in his slaying of Clarence Peters, walked into District Attorney Danton's office today and offered himself for examination. He proved to be the wrong "Charley Ross."

Ward, who was summoned to identify him, was summoned to identify him after assistant District Attorney Ferris had hurried here from White Plains in response to a telephone call from Mr. Danton took one look at the man and said he was not the "Charley Ross" who had been implicated in the blackmail plot. The man who offered himself for examination, Nathan Isaacowitz, alias "Nat Ross," who was given a suspended sentence here last summer after he pleaded guilty to a charge of attempted extortion. He is the man that William J. Fallon of counsel for Peters' parents promised to produce on two successive days.

knocked to one side without slackening the speed of the fugitive. Mr. Stanton was brought to the hospital, where he died late this afternoon. Posses of police, state troopers and men from the sheriff's office are continuing the search.

The death car is believed to have been from Philadelphia and is said to have carried the Pennsylvania license number 49,980.

WAR FRAUDS FIGHT RAGES

House Rules Committee Rescinds Action in Calling for Probe of Department of Justice

DEMOCRATS AROUSED

Amid Cheers, Minority Leader Denounces Chairman's "Lack of Intellectual Integrity"

Washington, June 1.—The war frauds fight raging for days in the senate, broke out with unexpected fury in the house today, ten minutes after the rules committee had rescinded its action in giving right of way to a Republican resolution for investigation of the lack of government prosecution of alleged war grafters.

Charges by Chairman Campbell of the committee, "in a word to Democrats," that their attacks on Attorney General Daugherty was the only way in which they could "serve war crooks," threw the house into disorder. There were cheers from the Republican side as the charge was flung in shouting voice at the Democrats, all of them silent save one, who hissed.

It brought from Representative Garrett of Tennessee, the Democratic leader, the assertion that Chairman Campbell, who in the first instance had voted to put the investigation resolution before the house, had been induced by the attorney general to "change his vote and vote not to investigate the department of justice."

Curiously enough the row started during consideration of a measure which sought to find work for idle soldiers and sailors and seven cents a pound on crude coal dye products.

Amid Democratic cheers, Mr. Garrett declared that Chairman Campbell "as an excuse for his own turn-coating, for his own weakness of will, for his own lack of intellectual integrity and courage, assails the Democratic administration."

After Mr. Garrett had presented a letter from A. Mitchell Palmer, former attorney general, courting an investigation by congress, Representative Mondell of Wyoming, the Republican leader, declared he was glad the committee had rescinded its action.

A congressional investigation at this time, said Mr. Mondell, "could have no other purpose than that of delay, of muddying the waters, of preventing the prompt action of the grand jury and of the courts. I am not surprised that gentlemen whose names may figure in investigations before grand juries prefer a congressional investigation to action by the grand jury and the courts. That is their only hope."

CARTER LEIDY GETS INTO SOME TROUBLE

Wealthy Young Philadelphian Held on Larceny and Reckless Driving Charges

Berwick, Pa., June 1.—Carter Leidy, wealthy young Philadelphian, who came here shortly after his marriage to Ed Widener, to learn the steel business, was arraigned today before Chief Burgess Kitchen on charges of drunkenness, disorderly conduct, larceny of two lanterns, and a flag and driving his automobile while intoxicated. He paid a fine of \$13.50 on the first charge and awaited a hearing on the others. He was held in \$300 bail on the larceny charge, and \$500 on the charge of driving his automobile while under the influence of liquor.

Leidy yesterday offered to pay for the damage to the "silent policeman" and other borough property, but it was refused and President of Council Heller instructed the police to proceed with the case in the usual manner.

MOONSHINE AND NIGHTSHIRT MAKE UP THIS GHOST STORY

Detroit, June 1.—Another "ghost" mystery has been exploded, police here declared today, following investigation of reports that a visitor from the beyond had been acting as traffic officer at a West Side street intersection nightly since Saturday. A combination of moonshine liquor and an ordinary nightshirt, police say, accounted for the actions and ghostlike appearance of the volunteer traffic officer.

Reports that a "ghost" was doing nightly duty in Buchanan avenue between 21st and 32d streets spread rapidly and when the "visitor" appeared last night a crowd quickly assembled. It became so dense that traffic instead of being directed in orderly fashion was jammed. Six policemen dispersed the crowd but meanwhile the "ghost" disappeared.

CONSTANTINOPLE BEGGARS' UNION HIT BY H. C. OF L.

Constantinople, June 1.—The Beggars' union of Constantinople, at its annual meeting here today, voted that all members shall hereafter refuse to accept alms of less than 100 paras, equivalent to two cents. The union, which, according to its announcement, includes "all the leading beggars," declared it is forced to adopt this regulation on account of the high cost of living.

CONSTANCE TALMADGE GETS DIVORCE DECREE

Los Angeles, June 1.—Constance Talmadge, screen actress, was granted an interlocutory decree of divorce today from John Pialoglou, tobacco manufacturer of New York, on grounds of mental cruelty. No answer to the suit was filed by Pialoglou.

Miss Talmadge testified that on April 5, 1921, a few months after their marriage, Pialoglou told her that he did not care to continue married life and asked her to leave their eastern home. She did not, but he packed up and left her, she said.

Her mother, Mrs. Margaret Talmadge, testified to special charges of mental cruelty. Miss Talmadge announced that she would leave soon for a visit to Europe.

MRS. M'CORMICK DELAYS ACTION

To Discuss Marriage With Mathilde's Father Before Taking Further Steps to Stop Wedding

Chicago, June 1.—The time granted to Mrs. Edith Rockefeller McCormick to file a formal petition for a restraining order against the marriage of her daughter, Mathilde, to Max Oser, the Swiss horseman, expired at 1 o'clock this afternoon, with no petition.

Charles C. Cutting, Mrs. McCormick's attorney, announced that the bill would not be filed until after further discussion with counsel representing Mathilde's father, Harold F. McCormick.

According to reports, it was decided that presentation of a full bill of particulars as to why Mrs. Oser, who is 27 years older than Miss Mathilde, would be an undesirable son-in-law, would entail much difficulty. Much of the evidence and many witnesses—perhaps even the Zurich riding master himself—would have to be brought from Europe. This would occupy months, it was pointed out, and might cause the entire remaining eleven months until Miss Mathilde reaches her majority.

"Another woman" enters into the case too, according to Mr. Cutting. "I understand that this is not the first time that Oser has tried to marry a rich American girl," he said. He evidently thinks that now he has succeeded, because he has sold his riding school. His other means of living seems to be \$3,000 in cash and an assured income of \$100 a month. This would hardly be sufficient to support Miss McCormick.

Zurich, June 1.—Max Oser, Swiss riding master, is in frequent communication with Miss Mathilde McCormick, regarding their intended marriage, it was learned today. The only comment Oser will make upon the opposition of Mrs. McCormick, his fiancée's mother, is that the marriage will take place in spite of all obstacles.

Although he said he was naturally disappointed over the delay, he was proceeding with preparations for the wedding.

The Swiss law requires that girls under twenty years old, whether of Swiss or foreign nationality, must have the consent of both parents before they can be married in Switzerland. Consequently it is considered here that whatever the American court might decide concerning the guardianship of Miss Mathilde, the consent of her mother would be necessary under Swiss legal practice. But the wedding might take place in another country where such consent is unnecessary.

Colonel Hickok Denies Troop Guard at International Bridge Has Been Increased

San Antonio, Texas, June 1.—Colonel Howard H. Hickok, commander of McIntosh Laredo, told the San Antonio Express by telephone today that the troop guard at the international bridge at Laredo had been increased because of reported rebel activities across the Rio Grande near Nuevo Laredo, Mexico, or for any other reason.

Colonel Hickok said he did not anticipate having to strengthen the guard on the American side and that only two soldiers, as customary, were on duty. Sentiment remains the same among the citizens of Laredo, he said, and the people do not fear any danger from rebel activities.

However, on the Mexican side in Nuevo Laredo, there is a degree of fear among Mexican citizens and the Mexican authorities are taking steps to protect them. Colonel Hickok said that as far as he could ascertain the Mexican garrison troops would remain loyal to the government in case of a struggle with the rebels.

TO TEST RIGHTS AND POWERS OF COAL AND IRON POLICE

Nanty-glo, Pa., June 1.—The rights and powers of the private industrial guard, known in Pennsylvania as the coal and iron police, are to be tested in the courts in connection with the coal strike. L. L. Alyce, a coal miner of the Vinton Coal company at Vintonville, Pa., and four of the company's private guards were held for court here today by Squire Robert Harsh on the charge of assault and battery preferred by Arthur Garfield Hays of New York city, a representative of the American Civil Liberties league.

No evidence was presented at the hearing. Mr. Hays, who it was said, was detained in New York, was represented by Arthur Shields of Cressony.

BANDITS WHO ROBBED STATE BANK IN MICHIGAN KILLED

Film, Mich., June 1.—Two bandits who robbed the Metamora State bank at Metamora, near here, this morning, were shot to death this afternoon by posse men using machine guns, according to a telephone message received here. A member of the posse was wounded in the exchange of firing.

BROTHERHOOD CHIEFS READY

Gather at Cincinnati Tuesday to Discuss Matters Vital to Welfare of Railway Workers

JEWELL ISSUES CALL

Samuel Gompers and Perhaps Many Other Labor Leaders, Will Attend Conferences

(By the Associated Press)

Cincinnati, June 1.—Announcement was made here today by Edward H. Fitzgerald, grand president of the Brotherhood of Railway Clerks, Freight Handlers, Express and Station Employees, that chiefs of 15 railroad brotherhoods and executives of other railroad unions would meet in Cincinnati June 6 to take up matters of vital importance to the common welfare of all railway workers.

The announcement was made by Mr. Fitzgerald following receipt of a telegram from B. M. Jewell, head of the railroad employees' department of the American Federation of Labor, calling the conference.

Mr. Jewell's telegram stated that each railroad organization involved in the United States Railroad Labor board's docket No. 1,300 are invited to the meeting to "formulate the organization's policy and program."

It is expected, Mr. Fitzgerald said, that some 40 railroad chiefs and railroad union leaders representing approximately 1,200,000 workers will attend. Docket No. 1,300 of the Railroad Labor board involves reductions in wages of railroad workers, it was said, and while no statement was forthcoming as to the exact agenda of the conference, it was intimated that wages and working conditions of railroad workers would be the chief topic of discussion. The agenda is being prepared by Mr. Jewell, it was said, who will preside at the meeting.

It is expected that Samuel Gompers, president of the American Federation of Labor, will arrive here next week and attend the sessions, but it is not believed that he will arrive in time for the opening Tuesday.

"While the meeting is for railroad leaders," Mr. Fitzgerald said, "before it comes to a close all union leaders throughout the nation may be sitting in its sessions."

It was pointed out that these leaders will be in Cincinnati to attend the annual convention of the American Federation of Labor, which opens June 10, and could easily be invited to attend the railroad conferences.

ECONOMIC ISSUE IN FALL CAMPAIGN

Indiana Democrats Convinced Failure of Senate to Ratify the League Retarded Progress

Indianapolis, June 1.—Adoption of a platform condemning Republican management of national and state affairs and nomination of ten candidates on a state ticket for which there were only two contenders, marked the first action held here today by Indiana Democrats.

In laying the foundation for the fall campaign, party leaders viewed the main issue as economic and the platform pledged increased employment and prosperity which it asserted had been lost under Republican control.

For the state campaign, the platform called for restoration of "home rule," would be the "paramount issue," in which connection it advocated limiting the authority of several state boards and commissions.

"The Democratic party is more than ever convinced," said the platform plank on national affairs, "that if the League of Nations and Versailles treaty had not failed of ratification by a Republican senate, the readjustment period would have been over long ago and world peace and prosperity would now be assured, our foreign markets maintained, and the high ideals conceived by Woodrow Wilson realized."

RADIO ENTERTAINS RACING BALLOONISTS

Detroit Entry Lands in Ohio After Spending Ten Hours in Crossing Lake Erie

Chicago, June 1.—The Balloon Townsend, piloted by Ralph H. Upson of Detroit, Mich., and with C. G. Andrus of Washington as aide, landed at 7 o'clock this evening at Fainesville, Ohio, after having spent ten hours in crossing Lake Erie in the national balloon race which started yesterday from Milwaukee, according to a dispatch received from Mr. Upson tonight.

Mr. Upson's dispatch said that the trip was the most successful he had ever made. He added that a radio phone enabled him and his companions to receive complete weather reports and also listen to music from the broadcasting stations.

He said that he had sought to reach Buffalo but had been forced to double back on his course by adverse winds. He said he had had enough left for another night, but experiments failed to discover any wind that would carry the balloon farther and so they landed rather than lose the distance already won.

Syracuse, June 1.—What appeared to be a balloon, which was too light to identify its markings, traveling eastward at high speed, was seen south of Syracuse between 5 and 6 o'clock this evening. The craft descended several times and appeared to be driven by a strong wind.

Buffalo but had been forced to double back on his course by adverse winds. He said he had had enough left for another night, but experiments failed to discover any wind that would carry the balloon farther and so they landed rather than lose the distance already won.

VALENTINO'S REAL NAME IS GUGLIELMI

First Wife Testifies at Preliminary Hearing of Bigamy Charge Against Movie Actor

Los Angeles, June 1.—The preliminary hearing of Rudolph Valentino, motion picture actor, accused of bigamy, opened here today with his first wife, Jean Acker, testifying. Valentino's second wife, Winifred Hudnut, went east soon after their marriage May 13 at Mexicali, Mexico.

Miss Acker testified that her name was Jean Acker Valentino and after consultation with attorneys it was made known for the record that the real name of Valentino is Guglielmi. She testified that she married Valentino in Hollywood November 5, 1919, and that the marriage had not been annulled.

Pleadings in the divorce case of Jean Acker were introduced over objections of attorneys for Valentino. This was followed by introduction of a certified copy of the marriage record at Mexicali, May 13. This showed that Rudolph V. Guglielmi, aged 26, and Miss Winifred DeWolf, 24, were married at the home of Otto Muller, mayor of Mexicali. It showed also that the bride was the daughter of the late Michael Shamusky of Salt Lake and Winifred Shamusky, the latter now being the wife of Richard Hudnut of New York. The name of Valentino's father was given as Dr. Giovanni Guglielmi.

FIREMEN'S CONVENTION COSTS \$52.06 A MINUTE

Houston, Texas, June 1.—The convention of the International Brotherhood of Locomotive Firemen and Enginemen costs the organization \$52.06 a minute during convention sessions, according to figures compiled by John F. McNamee, editor of the brotherhood magazine.

The brotherhood has 304 lodges, he said, each of which is entitled to one delegate at conventions. The delegates receive a salary of \$3 a day and are allowed \$6 a day for expenses, or a total of \$14 a day. A bit of multiplication shows the brotherhood pays out for each working day of six hours, \$18,760, or \$3,126 an hour.

The 1919 convention of the brotherhood held in Denver cost the brotherhood slightly more than \$600,000. It was in session 32 working days. Printing bills at the Denver convention totaled \$30,000.

ADJUSTMENT OF MEXICAN DEBT UNDERTAKEN TODAY

New York, June 1.—Adjustment of the Mexican national debt, amounting to approximately \$700,000,000, will be undertaken at the conference to be started here tomorrow between Alfonso de la Huerta, Mexican secretary of the treasury, and a group of British, French, German and American bankers headed by Thomas W. Lamont of J. P. Morgan & Company.

On the eve of the conference, none of the principals was willing to extend the principals was willing to extend, although all hoped that some satisfactory solution would be found for the payment of the debt on which interest has been accumulating since 1911.

POSTPONE JEW'S EXECUTION

Albany, June 1.—The execution of Julius Rosenberg, which had been set for tomorrow night at Sing Sing prison, was postponed one week by Governor Miller today. The reason for the respite was that a Jewish religious festival is to be held tomorrow and a number of rabbis had petitioned the executive not to mar the day by the execution of a member of their faith.

Washington, June 1.—The bill of Senator Edge, Republican, New Jersey, providing for development of New York harbor was passed today by the senate and sent to the House.

COAL STRIKE EXPECTED TO BE ABSOLUTE

8,000 Men Who Remained to Protect Properties Probably Will Be Called Out

BOTH SIDES FIRM

Miners Refuse to Recede From Wage Increase Demand, and Operators Ask Reduction

New York, June 1.—Expecting a new strike order cutting from the mines the 8,000 maintenance men who have remained on duty since the suspension April 1, anthracite operators of the entire industry held an emergency conference here today to decide upon means of protecting their property.

A union order making the strike absolute is expected by both miners and operators, because neither side is prepared to modify its demands when the joint sub-committee resumes wage negotiations tomorrow, after adjourning in a deadlock a week ago.

The miners will stand back of their demand for a 20 per cent wage increase, union leaders declared today, on returning from their districts. Workmen are unanimously opposed to conceding any part of the 21 per cent cut proposed by employers as a basis for settling the strike, it was said.

Prior to the conference today, employers were equally emphatic in asserting they would not negotiate on any basis but revision of wages downward. What means of protecting property will be taken in the event of a complete strike was not revealed.

Heretofore the strike has been theoretically a peaceful suspension of the mines pending negotiation of a new wage contract. Under joint agreement between workmen and employers, the United Mine Workers of America have kept sufficient men on duty to operate the pumps and keep the mines from being flooded; to guard against trespass and fire; to care for work animals and prevent general deterioration.

Should the deadlock in the sub-committee continue the declaration of an actual strike probably would be the miners' next step, it was said.

\$3.50 Fixed as Coal Price

Washington, June 1.—Establishment of a maximum price of \$3.50 a ton for coal at the mines in 80 per cent of the present production fields for the duration of the strike was announced tonight by Secretary Hoover. He regretted, he said, that a small minority of the operators, representing Western Kentucky, had refused to cooperate and are demanding higher prices.

Consumers can insure themselves a square deal under the established prices by checking freight rates with the maximum price. Mr. Hoover said, determine whether they are buying contract coal, and make proper allowances for cost of retail distribution. The maximum price, he explained, applies solely to spot coal and consumers who are not treated fairly may appeal to the commerce department with assurances that inquiry into their cases will be instituted.

Mr. Hoover announced he had been advised that operators of Virginia West Virginia, Tennessee and Eastern Kentucky would accept the maximum of \$3.50 a ton while Alabama operators accept the rate of \$3.25 a ton below the Garfield scale in that district.

BUSINESS FAILURES FEWER LAST MONTH

33.7 Per Cent Less Than in January and 17 Per Cent Less Than in May 1921

New York, June 1.—Business failures throughout the country dropped 7.4 per cent to 1,893 in May, as compared with the number for April, according to statistics issued by Bradstreet's today. The total was 37 per cent less than the record month of January, but 25 per cent greater than in May, 1921, the hitherto record fifth month.

Total liabilities in May are given at \$48,164,375, or 35 per cent less than in April and 17 per cent less than in May, 1921, but nearly six times greater than in May, 1919, and more than double the total in May, 1918.

As for some time past, the south reported the greatest number of failures in any one group, with more than one-third of the total liabilities, but these figures also represented a decline.

\$33,000,000 BOLIVIAN LOAN NEGOTIATED IN AMERICA

Washington, June 1.—Negotiations in the United States for a \$33,000,000 loan to Bolivia, said to be the largest long-term credit ever secured in this country by any South American government, was announced today by the Bolivian legation.

The banking houses by which the loan agreement was negotiated are Equitable Trust company and Trask, Spencer & company

Enjoyable Memorial Day Outing.

Miss Mildred Clark, teacher at the Maryland school, acted as chaperone to the pupils of the Junior High school—the 7th and 8th grades—for Memorial Day. Leaving Maryland at 8 o'clock in the morning, the party, numbering 25 students, drove in a Ford truck operated by Millard Cady, to Schoharie to the Old Fort. Hours of keen interest and profit were spent in seeing the various relics and listening to historical facts. A rare treat was afforded these young people that has not been experienced by many of their elders. Miss Clark is to be congratulated on arranging and carrying out so well worth while an outing. Picnic lunch and supper were enjoyed in transit, the party returning home about five o'clock, tired, but happy.

The dirt was partly dug away and then by means of ropes the man was lifted out. Mr. Wellman soon regained consciousness after a narrow escape from death.

Special Meetings.

A special series of meetings was held last week in the Methodist Episcopal church by Misses Nestor and Thomson, assisted by the pastor. The meetings, which were very profitable, closed Sunday evening.

Other Matters of Interest.

Bert Pickens and wife were called to Onondaga Sunday by the serious illness of his sister, Mrs. Maria Fay, who suffered a shock. She is at the home of her son, LaMott Fay, where she is being cared for. —Maxwell Salisbury was here Sunday to see his uncle, John Salisbury. He goes this week to Brooklyn where he has a position. —Mr. and Mrs. Charles Ingoldsbee and son, Harold, of Hartwick Seminary, were at John Salisbury's Sunday. —William Shove, who had been employed in Onondaga, has a position in Milford working for Stanley Harrison and has gone there. —Fred and Daniel Lake were at the home of their mother Monday and Tuesday. —Harold Wright, from near New York, was here last week to see his grandmother, Mrs. Amelia Wright, and aunts, Mrs. Charles Ackley and Miss Lida Wright. —Miss Lida Wright went Tuesday to her sister's, Mrs. Arnold Carr, returning Wednesday. —Glenn Hall and wife of Ilion were at the home of his parents, Mr. and Mrs. Arthur Hall, Decoration day. —Mrs. Charlie Maples of Sidney and Mrs. Cassius Maples of Laurens were callers on the Misses Wilbur Monday evening. —Mrs. Lina Shove and Mrs. Elmer Field attended the Eastern Star convention at Onondaga last week. —Dr. Dean Harrison of New York Mills was a caller at C. E. Beckley's Wednesday. —Mrs. Harrison called at Hiram Shave's. —Dr. and Mrs. M. C. Wright have been spending part of the week in their camp at Arnold's Lake. —Mrs. Lina Shove was a visitor in Milford Monday. —Mr. and Mrs. Allison Hall and Mrs. Addie Robinson were at Arnold's Lake Tuesday.

SUNDAY SCHOOL CONVENTION.

Of Hartwick-Laurens Association at Presbyterian Church, Laurens, Friday Laurens, June 1. —The annual convention of the Hartwick-Laurens Sunday School association is to be held at the Presbyterian church in this village on Friday, June 2, the motto of the convention to be "Efficiency."

The morning session will open at

10:30 o'clock and, after devotions, conducted by Rev. John A. Dillon of Hartwick, there will be a short address by Rev. P. M. Luther of Onondaga, county superintendent. A business session will close the first session.

Luncheon will be served in the church dining room at 12 m. and at 1:30 p. m. Rev. D. E. Myers of Mt. Vision will conduct devotions, to be followed by addresses as follows: The Efficient Sunday School Equipment, Rev. Don G. Henshaw of Garrettsville; The Efficient Superintendent, John A. Bush, Hartwick; The Efficient Teacher, Miss Mildred Paul, Laurens; The Efficient Pastor, Prof. H. Cossart of Morris; The Efficient Financial Plan, E. J. Irish, Laurens. A second business session will follow.

Dinner is to be served in the church parlors and after devotions conducted by Rev. P. M. Luther of Onondaga and a solo by Miss Marietta C. Paul, Rev. D. E. Myers of Mt. Vision will give the address of the evening, his theme being, "The All Sufficient Word." Rev. A. D. Rines of Hartwick will direct the music of the convention.

Helping Hands Elect.

At a recent meeting of the Helping Hand class of the Methodist church, the following officers were elected: President, Mrs. Mattie House; vice president, Mrs. Mary Kelsey; secretary, Mrs. Ora Newman; treasurer, Mrs. Dell Boyd.

Memorial Day.

Memorial day was fittingly observed in Laurens. At 9:30 o'clock a line of march formed in front of the school building, headed by the mar-

shal and a part of Company G band of Onondaga, and with the teachers and scholars followed by the few veterans and soldiers' widows in motor cars, marched through the principal streets and then proceeded to the cemetery, where the graves of soldiers were decorated by the school children. The address, which was an able one, was given by Rev. F. J. Paul. Later, dinner was served in the Presbyterian church annex by the Cemetery association, which netted them \$89.60. In all the association took in over \$250 throughout the day, and its officers appreciate all the donations and help given. Friends from Onondaga, Cooperstown, Johnson City, Binghamton, Hartwick, Mt. Vision, West Onondaga and Unadilla were present.

DEATH AT OTEGO.

John S. Widger Expires Wednesday—Funeral This Afternoon.

Otego, June 1. — (Special). —John S. Widger, an aged resident of this village, died Wednesday, May 31, at the home of his brother, Maxon H. Widger, in this village. The deceased had been in failing health for several months, and his death was doubtless due to old age.

The funeral services will be held at his late home on Friday, June 2, at 2 p. m. Rev. C. C. Volz of the Methodist Episcopal church will officiate and burial will be in the village cemetery.

The deceased, who was 81 years of age, is survived by two brothers, Maxon, above named, and Delos of Afton, also by several nephews and nieces, one of the latter being Mrs. John Radley of Onondaga.

Nurse Saves 2 People From Operation

"I had two patients that the doctors seemed unable to reach with their medicines and in both cases advised the knife. A friend who had tried Mayr's Wonderful Remedy for stomach trouble proposed that I recommend it to my patients, which I did. Both are now entirely well, and I am very glad that I was able to recommend it. It removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince you money refunded at druggists everywhere. Advt.

LOCAL MENTION.

—Samuel Knapp, a business man of Stamford, purchased a seven-passenger Lexington supreme touring car yesterday of George A. Hodge, of 1 West End avenue, the local distributor.

—The informal dance given last evening by the Knights of Columbus in their rooms in the Laskaris block proved very enjoyable to the small but appreciative crowd present. The Syncopators furnished excellent music.

—Oneonta fans no doubt will be out in force this afternoon to witness the clash between Unadilla and Bridwell's Giants on the Neahwa park diamond. Local fans were somewhat jolted by the result of Wednesday's game at Unadilla, and are anticipating an enjoyable afternoon in watching what they hope will be a jolt for Unadilla fans. Game called at 4:15.

UNADILLA HERE TODAY

Will Meet the Oneonta Ball Team at Neahwa Park This Afternoon at 4:15 O'clock — Hard Fought Battle Expected.

This afternoon, at 4:15 o'clock, the Unadilla ball team, known as Connie Moore's Pets, and composed of a stalwart and husky bunch, will be here for a game at Neahwa park grounds with Bridwell's aggregation and a battle royal is anticipated.

Unadilla has the distinction of taking the first game from both the Oneonta team and the Susquehanna division, and they are a bit "cocky" about their ability with the willow. They play fast ball and will make the locals sweat strictly to business from the time Umpire Beane calls "Play ball."

Doubtless Unadilla supporters who were elated over the victory there on Wednesday will be present in large numbers to cheer their team, and Oneonta fans should turn out en masse to encourage the locals. They are a real ball team and are striving to give Oneonta first class ball. They deserve all the encouragement that can be given.

Constructing New Gas Mains.

In efforts to improve the gas pressure at points where consumption has increased largely the New York State company is now laying a new 4-inch main of Grove street and good progress is being made.

When this main is completed it will materially improve the pressure in all residences west of Spring street on Chestnut street and the lower portion of the fifth ward but will also increase it in all homes in the vicinity of the High school building.

Meetings Today.

The regular monthly meeting of the Women's Foreign Missionary society of the First Methodist Episcopal church will be held in the church parlors this afternoon at 2:30 o'clock. The L. T. L. will meet in the Salvation Army hall this afternoon at 4 o'clock. All members are requested to be present.

Regular meeting of the Women of Mooseheart legion tonight at 7:30 at club rooms on Dietz street.

High School Tennis Team.

A tennis team has been organized at the Oneonta High school and is now open for playing dates. The team is composed of Marcus Hemstreet, Donald Charles, Warren Fashley and Allen Bishop with Hemstreet as manager. The boys are clever with the racket and should have no difficulty in upholding the honor of O. H. S. against vicinity teams.

HIGH SCHOOL MUSICAL CLUBS

Fine Entertainment Assured Tonight by Boys' Glee Club and Girls' Chorus — Everybody Should Hear This Fine Concert.

The Oneonta High School Musical clubs, which for several weeks have been faithfully rehearsing under the competent direction of Miss Shufelt, instructor in music in the High school, offer this evening an entertainment of exceptional merit and of genuine musical interest. The organizations taking part are the Boys' Glee club and the Girls' chorus; but in addition there will be solos, a quartet number and piano and saxophone solos and duets by artists of conceded merit. Well-known artists of Oneonta who have had opportunity to hear the clubs in rehearsal, are enthusiastic over the quality of the work which these young musicians are doing, and their unsolicited testimonials are assurance that the entertainment will be well worth the time spent and the small sum which is asked for admission. Tickets are in the hands of members of the club, and it is hoped that they will receive the liberal patronage from the public of Oneonta which members and instructor alike deserve. The following is the program:

Part I.

Chorus—"We Greet Thee, Fair Luna."
Girls' Club—"Blow Soft Winds."
Solo—"Love's White Rose" by Frank Walsh.

Saxophone Duet—"A Dream" by Robert Marshall and Floyd Knapp.
Boys' Club—"O Sole Mio."
Piano Solo—"Nocturne, Op. 32" (Chopin).
"Polish Dance No. 1" (Scharwenka).
Stuart Pratt.

Part II.

Chorus—"The Oars Are Flashing Lightly."
"On the Road to Mandalay"—Harold Thayer.
Boys' Club—"Southern Memories."
Miss Shufelt—"Rain" (Curran).
"Little Bare Feet" (O'Hara).
Dawn (Leon).

Male Quartet—"Massa Dear" (Dvorak).
"Alma Mater"—Ensemble.
The members of the Girls' club are: Helen Adair, Yula Davenport, Fannie Hubble, Olive Bryant, Beatrice Galusha, Lillian Carless, Katherine Gallagher, Helen Potter, Helen Flohrer, Helen Dibble, Helen Doherty, Helen Morris, Helen Yagel, Margaret Becker, Beatrice Saffern, Katherine McKendrick, Vida Cooke, Helene Forson, Emma Bradley, Ethel Barber, Jennie Polley, Helen Couse, Mildred Duesler, Hazel Radley, Mary Morris, and Helen Capron.

"ADVERTISE ONEONTA"

Chamber of Commerce Announces Special Saturday Night Dinner to Traveling Men of City.

"Advertise Oneonta" has been announced as the slogan for the Traveling Men of the City. The dinner, to be given tomorrow evening at the Elks' club by the Oneonta Chamber of Commerce for traveling representatives of Oneonta houses and for representatives of out-of-town houses who live in this city. A large majority of the traveling men have already accepted the invitation to the dinner extended, although some have expressed regrets of necessity being away on trips over the week-end, and a few others are yet to be heard from.

Topics of the toasts for the dinner were given out yesterday by the committee, as follows: O. Clark McCrum, "Reminiscences." Mayor Clarence C. Miller, "Facts About Oneonta." Rev. T. Curtis Denney, "First Impressions." J. H. Roscoe, C. Briggs, of the Chamber of Commerce will act as toastmaster. Music will be by Canine's orchestra.

As previously announced, the sole purpose of the dinner will be to acquaint all of Oneonta's traveling men with talking points about Oneonta, which they can use in conversation while on the road, with beneficial results to the city and their city. Absolutely no solicitation of any nature will be made at the dinner and attendance will in no way obligate a traveling man to co-operate in the advertising movement to the slight extent which will be suggested.

Directors of the Chamber of Commerce will be present to play the part of hosts and in the fullest possible enjoyment of the evening possible. Other citizens of Oneonta are cordially invited to the dinner, should they desire to attend, and reservations will be accepted at the Chamber of Commerce offices, at 1.25 per plate, up to tomorrow noon.

In case any traveling man has been inadvertently omitted from the committee's list of invited guests, he is urged to telephone the information to the Chamber of Commerce offices, 826, or to speak to any member of the dinner committee, which is composed of E. W. Rucker Jr., Charles J. Beams, H. Spencer Rowe, O. B. Rowe and C. H. Walling.

CHESTNUT ST. SCHOOL PLAY

Excellent Musical Program and the Play "A Regular Fix" Given at the Chestnut St. School Last Evening.

The June entertainment given by the pupils of the Chestnut Street school at 8 o'clock last evening was given a most enthusiastic reception by an appreciative audience. Large numbers gathered at the school early in the evening Thursday to be hand for the opening at 8 o'clock. They were not disappointed. One and all, the youthful performers did credit to themselves and to the teachers who had so patiently trained and instructed them for the occasion. Their efforts showed the result of much natural ability coupled with intelligent training and hard work.

The first part of the program consisted of drills executed with clocklike precision, numbers by the school orchestra, and songs by the school choruses. This division of the program was much enjoyed by the audience who applauded each number to the echo. The play as presented by a cast chosen from the pupils of the eighth grade was equally well done. Each member of the cast was peculiarly fitted for the part taken and the effect was reflected in the rounds of applause which greeted each fine bit of acting. The spirit of the plot as indicated by the title was humorous and the burden rested on each member of the cast equally. Each one contributing his share to the general merit.

That the entertainment was successful was indicated by the expressions of approval heard on every side as the audience left the building. Friends and patrons of the school delight in supporting the activities of the pupils, and in this Chestnut St. school is most fortunate.

Each member of the cast was peculiarly fitted for the part taken and the effect was reflected in the rounds of applause which greeted each fine bit of acting. The spirit of the plot as indicated by the title was humorous and the burden rested on each member of the cast equally. Each one contributing his share to the general merit.

That the entertainment was successful was indicated by the expressions of approval heard on every side as the audience left the building. Friends and patrons of the school delight in supporting the activities of the pupils, and in this Chestnut St. school is most fortunate.

CATHEDRAL FARM GUERNSEYS

Lord of Henry H. Buckley Descendant of Langwater Herd Sold Last Week for Over Quarter Million.

Lovers of fine livestock, who perused with interest the article in the news columns of The Star on Friday, May 25, relative to the sale for \$262,930 of the Langwater herd of pure bred Guernseys, will be interested also to note that several fine animals previously purchased from that herd are now owned by Henry H. Buckley of the Cathedral farm in Oneonta. There are four prominent strains of pure bred Guernseys in this country, all noted for the quality and quantity of milk produced and as a natural result the butter-fat shown by test. One of these, and quite generally believed to be the best, is the May Rose family, all members of which in America are direct descendants of imported May Rose. This is the herd which T. Lathrop Ames, the owner of the estate, was considered the most successful constructive breeder in the world; and when his death made the dispersal of his herd necessary, buyers from all parts of the country flocked to the sale.

Of the twenty-eight fine animals that make up the Buckley herd, nearly all trace back to this fine cow and her progeny. There is for example, Langwater Sybarite, son of a \$25,000 bull and grandson of Langwater Warrior, sold at last week's sale for \$15,000. Langwater Sybarite was the junior head of the Buckley herd last summer. Upland Caesar, a grandson of King of the May, is senior head of the herd, which also contains such fine animals as Langwater Andromeda, a descendant of May Rose, and Mabel of Tarbell farms, a great granddaughter of King of the May. The latter cow in world-wide competition stood ninth, making 956 pounds of butter at 4 years old. To realize what this means one must recall that in earlier days a dairy of 21 cows was doing well to make 2,000 pounds of butter a year, while three such cows as Mabel would now do the stunt.

The above facts are set down in order that breeders of fine cattle may understand that Oneonta, with many fine herds of other breeds, has excellent ones also of Guernseys; and that the Buckley herd is one which, though not the largest, still stands among the foremost Guernseys of the United States.

Fighting Cock "Mothers" Chicks

When his spouse died, Bill, undefeated champion fighting cock, began to "mother" her 16 chicks, hovering over them at night and scratching food for them by day. He belongs to Mrs. S. Ory, New Orleans.

SCHENEVUS MEMORIAL DAY

Village and Town Alike United in the Patriotic Observance.

Schenevus, June 1.—Memorial day was observed in Schenevus with dignity and patriotic fervor. In the morning private individuals assisted the veterans in decorating graves in our local cemeteries. Every residence and building displayed the American flag from early morning until sundown.

Promptly at 1 o'clock the line of march was formed at the high school campus and passed through Division street to East street, down Main to the Schenevus cemetery. The formation followed: Marshal and aides, Leo B. Bennett, George Lovell, Charles Staley and T. B. Lippincott; the Schenevus band, with D. T. Warner of Oneonta as leader; automobiles containing three of our four active Civil war veterans, Daniel P. Lappeus, Mordecai Knapp and William Colegrove. The fourth member, John Garvey being ill and unable to attend; members of the Relief corps, accompanying the veterans, the Boy Scouts, with Rev. L. A. Duren as master of ceremony. Following were veterans of the Spanish-American and World wars and the Schenevus high school faculty, board of education and students. An unusually fine showing was made by the students from the grades from the smallest tots up.

The ceremonies at the cemetery were both impressive and beautiful and were conducted by the veterans of '61-'65. Floral tributes were placed at the base of the Soldiers' monument by the school children.

The program at Chase & Bennett hall was listened to by a large audience, the hall being filled. James P. Friery, chairman of the meeting, pre-

sided. Daniel P. Lappeus, veteran '61-'65, gave data both interesting and instructive relative to historical and military facts pertaining to the town of Maryland. A male quartet, Rev. L. A. Duren, T. B. Lippincott, George Chamberlain and Charles Staley, rendered "Tenting Tonight" in a touching manner. The speaker of the day, Hon. George M. Palmer, of Cobleskill, then began an address which elicited the undivided attention of the entire audience for about sixty minutes. Tribute was paid in a marked degree to the first settlers of our country and the struggles fought and won from 1776 to the recent World War. Heroes living and dead were honored by the speaker. Special emphasis was laid on the duty of young American manhood and womanhood to carry on and uphold the traditions for which these men have fought. Frequent applause was accorded the speaker. The audience joined in singing "The Star Spangled Banner."

St. James' Guild Plans Picnic. At the regular weekly meeting of St. James' guild held yesterday afternoon at 2:30 o'clock, arrangements for the parish picnic were completed. The date set is Saturday, June 17. It is expected that the day will be spent in Neahwa park. The picnic is to be for the benefit of all the members of the parish. As planned now the dinner will be served in the pavilion at 5 o'clock. The children are expected to join the others about 2 o'clock in the afternoon. All arrangements are in charge of the rector, Rev. L. C. Denney, who will appoint his committees in the near future.

PROMINENT MAN OF HARTWICK.

Chester R. Burch Dies Thursday from Shock Eight Days Before.

Hartwick, June 1.—(Special).—Chester R. Burch, one of Hartwick's most prominent citizens, died at his home in this village Thursday morning after an illness of eight days, caused by a shock from the effects of which he never rallied.

A son of Orlo and Mercy Ann Burch, he was born June 13, 1852, in the town of Hartwick, of which town he was a life-long resident. In March, 1885, he was united in marriage to Lucy N. Steere, who, together with his daughter, Naomi, survives him. He is also survived by one brother, Orlo S. Burch.

For many years a successful farmer, he later moved to the village of Hartwick, where he engaged in the feed business under the firm name of Burch Bros. & Angus, later Burch Brothers and Talbot, Inc., with which company he was actively connected at the time of his death. He was also interested in the Hartwick Cemetery association and the Hartwick National bank, as well as other public enterprises. During the war he was a leader in all Loan and Charitable drives and gave much of his time and money to make them successful.

In politics he was Republican in principle, but in voting placed the qualifications of the man above party affiliation. He twice held the office of superintendent of highways of the town of Hartwick.

In business he was quiet and retiring, but his keen knowledge of men and business affairs caused his advice to be sought by many, and he never failed to answer the demands made on him.

He was for years an active member of the Baptist church and his faith was shown by helping others without their knowledge. By nature he was lovable, a true husband, kind father, upright man and true American, whose example was an inspiration to many, and a friend who will be missed and mourned by all.

In his death Hartwick has suffered a great loss, and gloom which pervades his home town reflects the high esteem in which he was held by his friends and fellow townsmen, whose sympathy goes out to his widow and daughter in their hour of bereavement.

The funeral services will be held at the late residence of the deceased at 3 p. m. on Saturday.

Injured in Runaway at Maryland. Mrs. Gertrude Miller of Maryland was brought to the Fox Memorial hospital yesterday suffering from a severe scalp wound sustained when a horse she was driving ran away, threw her out of the wagon. The accident happened at Maryland during the morning. She was brought to Dr. G. W. Augustin's office in this city where her wound was dressed and was later taken to the hospital. Mrs. Miller's injury is painful but not serious.

Brant of 16 Spring street over Decoration day, left yesterday for a further sojourn with friends at Richmondville. Mr. Brant is one of the oldest men in period of service with the D. & H. company, having been employed continuously with that corporation in the transportation branch of the service for 49 years.

TO BE ORDAINED SOON.

Rev. Edward Daniel Whaley, Son of Mr. and Mrs. Jeremiah Whaley.

Invitations have been received by Oneonta friends of Rev. Edward Daniel Whaley, son of Mr. and Mrs. Jeremiah Whaley of Division street, who has completed his studies, for ordination to the holy priesthood which will be conferred by Right Reverend Edmund P. Gibbons, D. D., bishop of Albany, on Saturday, June 10th, at 8:30 o'clock at the Cathedral of the Immaculate Conception at Albany.

Rev. Father Whaley is announced to conduct his first solemn mass on Sunday, June 11th, at St. Mary's church in this city. He has many friends in the city and doubtless there will be a goodly delegation present at the ordination at Albany and a large congregation at the service at St. Mary's the following Sunday.

Plans for Schine Theatre Revised.

It is expected that revised plans for the theatre which the Schine Theatrical corporation, owners of the Strand, is to construct in the Oneonta hotel building will be presented to the board of fire commissioners at a special meeting of that body today. Th first plans submitted were rejected because of disapproval of some details of construction of the fire exits. It is understood that the revised plans meet with the approval of the members of the board and it is thought probable that a building permit will be granted at today's meeting.

WILLIAM LAFFERTY AT REST

Largely-Attended Funeral of Veteran U. & D. Railroad Employee.

Allaben, June 1.—One of the largest funerals ever held in the town of Shandaken took place at the Lady of Lourdes church here last Monday morning, when a large gathering of neighbors and friends paid their last tribute of respect to William Lafferty, who was one of the unfortunate victims of last Friday's wreck near Grand Gorge. Included among the mourners were many of Mr. Lafferty's former associates on the Ulster & Delaware, and also 35 members of Kingston Council, Knights of Columbus, of which he was a member. The services were conducted by Rev. Father Sculley, pastor of the local church, of which Mr. Lafferty was a devout member. The body was laid to rest beside that of his wife in the village cemetery.

Mr. Lafferty was a life-long resident of Allaben and news of his untimely death came as a great shock to the community. He was one of 12 children of Patrick and Catherine Lafferty. After obtaining a fundamental education in the country school, he began his railroad career in 1875, at the age of 16 as a section hand on the Ulster & Delaware. Three years later, on the death of the foreman Patrick Clady, he was appointed to the position of foreman. For 24 years thereafter he was foreman in charge of track and floating gangs, continuously until 1902, when he was made supervisor of maintenance of way over the division from Arkville to Oneonta, which position he held continuously until the time of his death. He was a veteran employee of the road and a faithful and conscientious worker.

Mr. Lafferty is survived by four children, John of Congress, N. Y., and William, Agnes and Clementine, all of Allaben, and by two sisters, Misses Catherine and Mae Lafferty of Little Falls.

BOUTON-BEAMS.

Young Business Man of Middleburgh Weds Popular Oneonta Girl.

On June 1 at 10 o. m., Miss Velma M. Beams, daughter of Mr. and Mrs. D. L. Beams of 100 Spruce street, this city, was united in marriage to Frank P. Bouton of Middleburgh at the home of Rev. O. L. Cooper of Oxford, who was once the bride's pastor at Middleburgh, her former home. The couple were attended by the bride's parents.

The bride has for the past six years been employed as bookkeeper at C. E. Canfield's grocery. Mr. Bouton has for several years conducted a very successful feed business at Middleburgh.

After an extended trip through the west by auto Mr. and Mrs. Bouton will make their home at Richfield Springs, where the former has taken over a feed business. The bride and groom have a host of friends who will wish them a pleasant trip and a very happy and prosperous future.

The many friends of Mr. Bouton at Middleburgh, while congratulating him, will deeply regret his determination to remove from that place.

Official Visit to Arbutus Chapter

R. W. Nan Reed Cor. District Deputy Grand Matron, and K. W. Fred S. Williams, Assistant Grand Lecturer, will make their official visit this evening to Arbutus chapter, Order of Eastern Star, at Richfield Springs. There will be a reception at 5:30 o'clock, followed by a banquet at 6 o'clock. Martha chapter of Oneonta is invited to be present at the meeting.

ELMORE BUYS KNAPP STORES

Feed Business of John T. Knapp at Davenport and Davenport Center Purchased by Elmore Milling Company — Craig Accident Results in Arrest of Dan Welch.

Davenport, June 1. — The Elmore Milling company of Oneonta has purchased of John T. Knapp of Oneonta the feed stores conducted by him in this village and at Davenport Center. Possession will be given later than July 1, after which the Elmore company will operate the stores as distributing points for their products. The coal business in connection with the Davenport Center store will be run by the Elmore company in conjunction with the feed business.

Mr. Knapp has been in the feed business at Davenport Center for the past seven years and has built up a fine trade. Townspeople both here and in the neighboring village will regret to see Mr. Knapp leave. He has not announced his future plans.

Welch Must Pay Repair Bill.

Spectators agreeing that Dan J. Welch of Oneonta was driving in a reckless manner when he ran into Dr. Craig's Ford coupe and overturned it Wednesday evening, Justice of the Peace J. M. Hubbard swore out a warrant for the man's arrest and he was taken into custody early this morning in Oneonta by the police there.

When arraigned before Justice Hebbard, Welch pleaded guilty to the reckless driving charge and was told that no punishment would be inflicted provided he saw that Dr. Craig's car was repaired without cost to the doctor. Welch's employer, the proprietor of Thompson's garage in Oneonta, promised that he would see that Welch did as Justice Hebbard directed.

Play to Be Repeated.

UNION COLLEGE HONORS

Preference Accorded to Kortrighters because of Scholastic Attainments.

North Kortright, June 1. — The closing days of the school year at Union college have added more laurels to the credit of the Kortright students. Linn M. Jones of Kortright Station is enjoying a little vacation at home, having been excused from the final examinations because of his high standing in subjects. He will return for commencement, June 9, when he graduates.

Bruce K. MacLaurry, also formerly of Kortright, has been chosen as a member of the "Terrace council," the governing body of the college. It is the highest honor that an undergraduate may obtain. He was also one of three men to be elected to "Tau Kappa Alpha," a national honor society of forensic fraternity. This is in addition to several other notable activities.

Home Bureau Meeting.

The Home Bureau will meet at Mrs. P. G. Wickham's Tuesday, June 6. As this is a special occasion, all ladies in the vicinity, whether members or not, are invited. A picnic dinner will be served. Mrs. Bucknam and Mrs. North, the county president, are expected and also Miss Ruth Kellogg of Cornell, who will speak on "Household Management."

Church Membership Increased.

At the communion service last Sunday there was an accession of eleven new members to the North Kortright congregation. That so much interest is manifested in right living is highly gratifying to the pastor, Rev. R. R. Irwin, and to other church workers.

The Preparatory Service.

At the preparatory communion service held at the church here Saturday afternoon, Rev. R. F. McCracken of Gilchrist church, Kortright, delivered a strong Gospel sermon, using as his text, "Denying ungodliness and worldly lusts, we should live soberly, righteously and Godly."

COLLEGE BOYS EARN OWN WAY

Half of University Students in U. S. Self-Supporting.

CUBAN TELLS HOW HE DID IT

Yale Survey Gives Fair Indication of Conditions as They Prevail in Most American Universities—52 Per Cent Earning Their Way, at Least in Part—Waiting on Table for Board Is Favorite Way of Helping Out—Odd Jobs Pay for Books.

Young man, do you want to go to college? Say Yale, or Harvard, or Columbia, or Cornell, or Northwestern, or any of the big American colleges?

"Yes," you say, "that would be fine. But I haven't the money."

You don't need the money!

Make the money as you go along. Half the college students in America are earning their way through college, at least in part, government experts have found.

A trip to Yale shows you how they do it.

A questionnaire was sent out by the bureau of appointments of Yale to determine how many students were paying their own way by working.

Half Working Way.

President Angell of Yale says that half of the students of the college answered, and of these 52 per cent were working their way through college.

One of them is Antonio Fresnada. He is a Cuban, and he started under a great handicap.

Fresnada is now in his junior year. He says it is a cinch for a young man to work his way through college.

"My freshman year was the hardest," says Fresnada. "The only thing I knew was manual labor."

"I waited on table for my board, took care of a furnace and shoveled snow from the sidewalks for my room. I sold Sunday papers, acted as agent for a laundry and at various other jobs made enough to pay for books and clothes."

"Vacations I worked as section hand on the railroad and carried bricks."

"But I stuck to it—while other fellows were becoming athletic heroes and taking part in social affairs."

"It is easier now. Tutoring and typewriting furnish me with enough to get by on."

"I pay \$3 a week for my room. My board costs me \$11 a week, tuition \$8.50, books and papers \$2, clothing \$4, laundry \$1.50, incidentals \$3. This totals \$33, and I find no difficulty in earning it."

"The experience has been valuable to me. It has taught me that if I believe in a thing, I can do it."

Many Self-Supporting.

Yale is not an exclusive school for the sons of rich men. It counts its self-supporting students by the hundreds.

However, exceptional qualities are demanded of the student who works his way through. The leisure time exempt from classes and studies, that more fortunate students spend in seeking pleasure, the self-supporting man must spend in earning his way.

A bureau of appointments whose chief aim is the aid of needy students is maintained.

The bureau works in two ways—by granting beneficiary college scholarships and acting as a clearing-house for work.

Where the bureau, after careful investigation of the applicant, deems that a youth's character and secondary school record have been of sufficient promise, an allowance of \$120 of the total tuition fee of \$150 for the first term may be made. The allowance for the second term of the school year and for succeeding terms depends on the student's academic standing.

For the first two years these allowances are made with the understanding that no obligation of repayment is incurred.

After the first two years, noninterest-bearing notes are taken for the remitted tuition, payment on which is due five years after graduation.

HUSBAND TO WASHTUBS

Court Sentences Him to Help Wife There Until He Gets a Job.

Judge George R. Heffly of Huntington, W. Va., established a precedent when he sentenced James Alexander, defendant in Domestic Relations court, to duty at his wife's washtrubs.

Alexander was arrested by Sheriff Williams on complaint of Battle Alexander, his wife, that he failed to support her and that instead of being a help he was dependent upon her earnings from washing clothes.

When arraigned, Alexander pleaded lack of employment. After hearing the evidence of the wife, Judge Heffly ordered that the "court, after hearing all the evidence, is of the opinion that the defendant is guilty as charged. He is ordered released from custody of the sheriff and directed to return home and assist his wife with her washing until such time as he can find employment elsewhere that will enable him to properly support his family."

Beauty in the South.

In the South the crape myrtle becomes a small tree and turns a brilliant bronze almost or quite red, says the American Forestry Magazine. It is much grown for its summer and early fall flowers, but it also has value for the color of its ripening foliage on the approach of cold weather.

Look Upward.

If we look down, then our shoulders stoop. If our thoughts look down, our character bends. It is only when we hold our heads up that the body becomes erect. It is only when our thoughts go up that our life becomes erect.—Alexander McKenzie.

SLEEPS THREE DAYS

Young Woman Then Woke Up of Her Own Accord.

Miss Phyllis Hewitt, sixteen years of age, daughter of Mr. and Mrs. Archie Hewitt, who live near Cornum, Ind., woke up Wednesday afternoon and on their return found the girl asleep. Monday morning the parents were unable to rouse the girl. A physician was called, but he failed to wake her.

When the girl was left alone for a few moments Wednesday afternoon she woke up and called her mother. The girl said she thought she had slept about three hours. After taking some nourishment, her condition apparently was normal.

CONVICT LEAVES GROUCH BEHIND

Life for Prisoners Is Much Brighter When Leaving Atlanta Penitentiary.

NOTABLE REFORMS ARE MADE

Work in Duck Mills Is Very Advantageous—Each Man Employed There Earns Trade and Receives Bonus for Work.

Washington.—Out of the gray-walled prisons, a shoddy, tell-tale suit, in one pocket the government's contribution to the future in the form of a \$10 bill. This was the picture, daily repeated, of the average convict who left a federal prison—left it (as he left others) ill-clad, broke, with one prize possession—a grouch.

But under reforms introduced in the big prison at Atlanta the picture has changed. He may come out with a prison-made suit. But instead of the single \$10 bill he may have many \$100 bills, a well-paying vocation, and unless he is a habitual criminal the grouch is left behind with the prison uniform.

This picture can be seen at Atlanta. Shortly it will be typical of other federal prisons, a report to Attorney General Daugherty shows.

Here is a concrete example of the fruits of the reform in Atlanta, culled from the report to the attorney general: Last year 550 prisoners made \$45,000, which will be held for them until they are released, at which time they will receive the accrued interest as well.

Under Bonus System.

These prisoners are working under the bonus system. They have an incentive both to learn a trade and learn it so well they can produce profitably. Those who earned the \$45,000 are employed in duck making. Here is the story of these men as told by Dr. Hubert Votaw, brother-in-law of President Harding:

"The federal government established in connection with the United States penitentiary at Atlanta, Georgia, a cotton duck mill for the manufacture of canvas for use by various government departments. No products of this mill are sold in the open market, and hence there is no competition with free labor, and no conflict with the authorities or the heads of organized labor. Indeed, this method of employing federal prisoners has the approval of leading labor leaders.

"In the early days of the mill so few orders were received that only a small proportion of the looms could be run. In March, 1921, orders began coming in in such volume as to warrant the operation of about 300 looms, and the employment of about 550 prisoners. Two million yards of canvas duck have been produced in this time. This product has been tested by the bureau of standards, and in every instance has exceeded specifications. During this period the mill has been operated at a profit of \$180,000, which represents a saving to the government in just that amount over what it would have cost to purchase the canvas in the outside market.

Prisoners Earn Money.

"The law providing for the establishment of the duck mill also provided that the attorney general should promulgate rules and regulations for the compensation of the prisoner employees thereof. On April 30, 1921, the attorney general ordered that a bonus of 2 cents per yard upon the output of the mill be paid such prisoner employees. There has so far been earned as bonus by prisoner employees upward of \$45,000.

"Drawing from the experience in the operation of the one industrial enterprise now being conducted at the Atlanta penitentiary, the benefits and advantages which will be derived when similar employment is furnished for all the federal prisoners in each of the three penitentiaries has been clearly shown. At the present time there is under consideration in congress a bill to provide a commission to recommend the installation of suitable industries at the Leavenworth and McNeil Island penitentiaries.

"The department might particularly feel proud of the moral and educational advantages which have accrued to the prisoners as a result of these accomplishments, especially with regard to the duck mill at the Atlanta penitentiary."

GETS BOOZE THROUGH BARS

Samaritan Ties Bottle to Stick and Treats Men in Cells at Cambridge, Mass.

Cambridge, Mass.—An up-to-date samaritan appeared here. Presenting himself at a window of the detention room of the East Cambridge jail with a bottle of liquor tied to the end of a stick, he inserted the stick between the bars and was giving willing prisoners a drink each when police officers appeared. Then he dropped the stick and bottle and fled.

Scarcity of Bears.

Halifax, Canada.—A scarcity of bears and wild cats, on the snouts of which the municipality pays bounties, is reported. During the year 1921 only \$148 was paid for bounties, while not many years ago it ran up to \$500, and a great many bears were included. Now the bounties that are paid are chiefly for wild cats.

How Halifax Got Its Name.

Halifax, the capital of Nova Scotia, founded by Lord Cornwallis in 1749, is named after the earl of Halifax, the English statesman who served his country in the house of commons and house of lords from 1688 until his death in 1715. In England, the city of Halifax is of considerable importance as a market town.

Woman Justice to Kiss Bridegrooms

Where the persons have made it a point to kiss the bride, Mrs. Champion says she will kiss the bridegroom. Mrs. Champion is considered handsome and is almost thirty years old.

RUSS TROOPS TO QUIT CHINA

Promise to Leave When Peking and Mongolian Governments Reach Agreement.

Peking.—The Russian soviet government, maintaining the most friendly feeling toward China, is willing to recall all its troops from the Mongolian border, according to a written declaration made by A. Paikes, special soviet envoy, who has been discussing Mongolian affairs with Gen. L. Yuan, representative of China.

The statement, which was put in writing at the request of the Chinese representative, asserts that the soviet government has no aggressive intentions in Mongolia, and is maintaining troops there only at the insistence of the people's revolutionary government of Mongolia.

Russia, says the statement, "awaits with impatience the time when the Chinese government comes to an arrangement with the people's government in Mongolia and makes possible the withdrawal of all Red Guards from that territory."

Trial by Ordeal.

Trial by ordeal still exists in some parts of Japan. If a theft takes place in a household, all the servants are required to write a certain word with the same brush. The conscience is supposed to betray its workings in the waves of the ideographs written. Tracing an ideograph involves such an effort of muscular directness and undivided attention that this device often leads to the discovery of the guilty party. The test is, at all events, more humane than the ordeal of boiling water, to which accused persons were formerly submitted in Japan.

Rings in Wood.

While all the trees of the temperate region and many of those from the tropics have growth rings, in not all cases are the contrasts in density and color great enough to show prominently in the finished material, says the American Forestry Magazine. Common examples are basswood, aspen, paper birch, tulip wood, holly, tupelo, buckeye, yellow cedars, and certain of the pines, firs and spruces.

BRITISH TRY TO END QUEER SUPERSTITIONS

Peasants in Palestine Said to Be Kept in Ignorance by Peculiar Beliefs.

The British administration in Palestine is trying to stamp out some of the peculiar superstitions of the fellahs (peasants) and has appointed a committee of district governors to advise it as to the best method of attaining that purpose.

After four years of occupation the authorities are beginning to realize that superstition plays an important role in keeping the peasant in ignorance.

Some of the native beliefs are very interesting. One government official discovered that he had transgressed a tradition the other day when he stepped over a baby's coat as he crossed a village street. His action was noticed by a group of women, who halted him and told him he would have to retrace his steps or the baby would surely die. As their attitude was menacing he did so to save himself from attack.

The same official on another occasion was invited to take lunch with the monkhtar (head) of a village. As he entered the guest chamber he stumbled and fell headlong on the floor. The host told him that his falling was sure to bring bad luck to the village unless he saw fit to forego the lunch.

It is a common practice for girls to visit willies (prophets' tombs) and lay there pieces of their garments, believing that by so doing they are sure to be married soon. Sometimes they go without food or drink for seven days for the same purpose.

Married women who have no children, trying to avoid divorce, go to cemeteries and walk over children's tombs in order to have offspring of their own. Often, to be blessed with children, they go to a mosque, walk seven times around the building and then smash an egg in the gateway.

These are only a few of the odd customs which are commonly practiced by the fellahs and which the government is anxious to end.

That Curious Device for Making Fire

It was only seventy-five years ago that a woman of the Middle West wrote to her cousin in New York:

"Last winter I was told of a curious new device for making fire. It consisted of small splinters of wood with tips of some substance that bursts into flame when rubbed on a rough surface. If you can procure some of them for me I shall be grateful."

Matches were in general use in Europe for years before they were seen in this country. There was no means for spreading such news rapidly.

Today, the new invention that contributes to comfort or convenience is quickly known the country over. Advertising conveys the information. The farmer's wife in Texas or Idaho is as well posted on these things as the city woman of the East.

Don't overlook the advertisements in these columns. They are heralds of progress, with real news for you and your family. They save your time, lighten your work and enable you to obtain the utmost in value for the money you spend.

Unemployment Problems Eliminated In Jugo-Slavia As Industry Thrives

**Housing Projects Increase
Opening Field for Many
Workers**

**Railroad and Canal Im-
provements Numerous**

Brown Brothers Photo

With most of her 13,000,000 people engaged in agricultural pursuits, the little kingdom of Jugo-Slavia has probably less unemployment than most of the countries of the world. Ranked among the first ten countries in production of wheat, rye, barley, oats, flax and potatoes; first in Europe in corn production; and first in the world in plum raising, Jugo-Slavia is experiencing a boom. For the non-agricultural population the employment de-

mand is keen, particularly in railroad and canal construction and in housing projects of considerable magnitude. An American syndicate is building a 1,200 mile railroad costing \$130,000,000 while domestic firms have several other undertakings in railway lines. National tax exemption laws offer unusual inducements to spur building activity and these are being taken advantage of in virtually every city. Hydroelectric, canal and other projects

have been authorized by the government, and work on some of the first-named have been begun.

In Zagreb, a picture of the business section of which is shown in the lower picture, an industrial exhibition and fair is to be held next month which is attracting much attention throughout the country. The upper picture shows a view in the marketplace in Podgoritz, formerly in Montenegro, where the peasant farmers find trade brisk.

DANCE MOST SUCCESSFUL

Dance Given at Godey Pavilion on Memorial Day Draws Unprecedented Number from Oneonta and Vicinity.

There was a great deal of excitement in the vicinity of Godey lake on the evening of the monster dance given by Messrs. Aney and Walsh at Godey Pavilion, on Memorial Day. The large number of cars parked in the immediate environs of the pavilion encroached on the territory of nearby property owners and so obstructed the passage of new arrivals that it was necessary to call on the state troopers for aid in directing the traffic. The opening dance of the season at the pavilion proved to be one of the largest events of its kind ever given in this vicinity. It was estimated that three hundred couples were present and the number was further increased by the crowds of spectators. Among those present were couples from Gilbertsville, Stamford, Morris, Cooperstown, Richfield and Colleskill, seventy couples representing the latter village alone.

The weather proved ideal for the occasion. Lively music was furnished by the Syncopators, so popular in this section. All things combined to make this dance one of the most successful ever given in this vicinity. With so vast a crowd on the floor, the pavilion, though spacious, proved scarcely sufficient to accommodate the dancers. However, the crowd was in a most happy mood and numbers only added more to the general merriment. It is expected that the dances, which will now be given regularly, will prove to be as successful as the opening would promise.

Mrs. Gertrude Butts of 6 Lewis avenue is improving from her recent illness.

RECORD SALES FOR MAY

Of Ford Cars During the Month by Oneonta Sales Company.

Despite the business depression in this section, R. J. Warren of the Oneonta Sales company reports that the sales of new Ford cars of all models from his building on Market street during the month of May reached the number of 104, which breaks all records of the agency here. This in addition to a considerable sale of second hand Fords makes a decided output for one agency in this city. This is in the face of other low priced cars coming into the market actively.

Mr. Warren has also sold the two enclosed Lincoln cars which he recently received from the factory. Both were taken by out of the city purchasers who were pleased to find the car they wanted ready for immediate delivery.

Mr. Warren has also sold recently a Lincoln limousine to Hon. George W. Fairchild and delivery is expected in a very few days, though it is difficult to secure Lincolns these days.

Inspection Tour of D. & H.

A special train carrying Col. J. T. Lott, general manager of the D. & H., and party passed through the city yesterday afternoon en route to Wilkes-Barre. This morning the board of managers of the road, composed of the directors and high officials, will start from Wilkes-Barre on an inspection tour of the system. The special will arrive in Oneonta at noon and the party will lunch here before proceeding on the tour.

STOCK PROBLEMS OF OTSEGO

Livestock Council of Farm Bureau Meets in Cooperstown—Merino-Improvement Association—Calf Projects and Cow Testing.

The livestock problems of Otsego farmers were pretty thoroughly discussed at a meeting of the Livestock Council of the Farm Bureau and Improvement association held in Cooperstown on May 31. Garrett Robinson of Richfield Springs was elected chairman of the Council to serve during the year.

There was but one new piece of work suggested, viz., that of compiling a list of cattle that is wanted or that is for sale. Such a list, it was thought, should be revised every sixty days. Some members of the council believed that since only tuberculosis free cattle are wanted, that this work should be done by the Accredited Herd association. If this plan should be adopted all breeds will have an equal consideration and an additional advantage would be offered dairymen of the county for placing their herds under test. A committee consisting of the secretaries of the Guernsey, Holstein and Jersey clubs was appointed to work out a definite plan.

C. J. Armstrong, president of the Accredited Herd association, stated that everything possible was being done to promote the association's work. Ten veterinarians have been assigned to the county to begin work on June 12 to do retest work. It is expected that this will be completed by July 1 after which Drs. Shaffer and Hamilton will be able to take care of all association members. He stated that while additional members are wanted, no one is wanted who is not willing to do his part by contributing to the expenses which cannot be cared for by State and Federal governments, and by living up to the rules and regulations embraced in the contracts which they sign. The Federal indemnity will be cut in half after July first, he said, and in all probability State indemnities will also be reduced in the near future. The Council by resolution endorsed the work of the Accredited Herd association and pledged the members of the Council to secure new members for the association.

Ellis Elwood of Cherry Valley told how he had assisted eight dairymen in his community to secure purebred bull calves on the "Farm Bureau Plan." He said it was largely a matter of personal work which he did while at the milk station or store. Gladys L. Talbot of Lena stated that he had placed six calves and both men have other prospects. Prof. H. A. Hopper of Cornell, a livestock expert, who was present told about the plan used in some other counties of making a community survey to locate the grade bulls, after which meetings are held to discuss ways and means to weed them out entirely. By motion, this plan was recommended for consideration by the executive committee of the Farm Bureau and Improvement association.

A discussion of Cow Testing association work and the keeping of stable records was led by David E. Plisk of Rogers Hollow who said that the members of their association were taking care of the surplus milk problem by getting rid of their poor cows and at the same time producing milk more economically by adopting more efficient methods. There was considerable discussion on this question but no action was taken.

H. L. Cunningham, secretary of the Sheep Breeders' association, stated that the sheep business of the county and state was in good condition, due very much to the good organization back of the industry. He said there seemed to be no need for further assistance by the Farm Bureau and Improvement association, than is being given at the present time in the conduct of their meetings and the pooling of wool.

Otsego County to Be Considered.

Mayor C. C. Miller is in receipt of a letter from George J. Nohbach, executive secretary of the State Charities Aid association, stating that the work of considering qualifications of various counties in the state for the rural health demonstration to be conducted under its auspices has begun. Two inquiries are being conducted now, one wholly statistical and the other sociological. These investigations cover records in the various state departments. When they are finished, which will be in about 10 days, investigators will visit the counties, study conditions first hand and to talk with local authorities.

What Is Charm?

Movie directors have been attempting to define charm in woman. No two of them advance the same definition. Sir J. M. Barrie in "What Every Woman Knows" says that "It's a sort of bloom on a woman. If you have it you don't need to have anything else; and if you don't have it, it doesn't matter what else you have." That explains it generally. But a special providence has seen to it that no two men agree on a detailed definition. Otherwise our lives might be devoted entirely to gun fighting for the privilege of marrying the same charmer.—Toledo Blade.

Long Sight.

Guesses are being hazarded at the length of range of human vision. Forty-five miles has been suggested as a good radius, but geographers have calculated that ten times that distance is within range from Mount Everest—when you get there. Yet these computations deal only with horizons. Our actual range of vision appears to be limitless, extending to the farthest star, which is big enough and bright enough to make an impression on the retina. The mileage of our vision runs into many millions of miles, at an extremely modest estimate.

Time on Shipboard.

"Two bells," "three bells," "four bells," etc., originated as the method of telling time aboard ship, on account of the twenty-four hours being divided into six watches of four hours each, thus having some one awake all the time. The passage of time was of no importance except to the watch on deck, so the bell was struck to show how many half-hours had passed. Thus "seven bells" would mean seven half-hours had elapsed; this might mean half-past three, half-past eleven, or half-past seven.

SALE OF MERIDALE JERSEYS

Splendid Catalogue of Ayer & McKimney Describes Jerseys Offered June 8 at Meridale Farms.

The big annual sale of Meridale Jerseys, which will be held on Thursday, June 8, at Meridale, is announced in a splendid catalogue of 120 pages which has been sent out to cattlemen throughout the country by Ayer & McKimney, proprietors of the extensive Delaware county farms. The pages, which are 9 by 12 inches in size, are crowded with information relative to the Meridale Jerseys, the Meridale farms and the Island of Jersey itself, on which this magnificent breed of butter cows originated.

The sale is of imported stock from the Island of Jersey, mostly selected by special representatives of Ayer & McKimney, and long enough in this country to have become fully acclimated. Nearly all the animals are shown in the catalogue by means of excellent half-page cuts and all are fully described and their pedigrees given.

For the convenience of purchasers a special Pullman train will be run via the O. & W. from Westlawton, reaching Delhi on the morning of June 8. Many will also be accommodated at the Meridale inn cottages, and those who spend the previous night in Oneonta will have arrangements made for their transportation early in the morning.

Last year the total price was \$56,640 and the top price for one animal was \$10,000, the average being \$1,203. It is believed that the fine showing of the present sale will draw larger crowds and even better prices.
